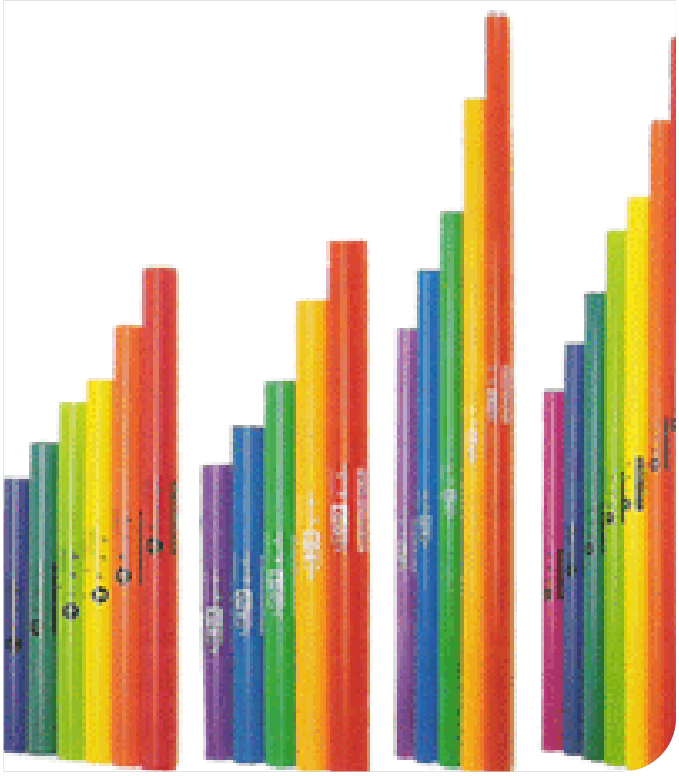
Boomwhacker Blast

Duration: 10 - 60 minutes

Guest Numbers: 10 - 300

Requirements: Room to sit all guests



Boomwhackers are brightly coloured musical tubes... percussion instruments tuned by length to reflect accurate musical notes!

Great as a short energiser, breakout session or full event, the Boomwhacker Blast is a fast moving and energizing rhythmic experience that quickly transforms a group of musical novices into a pulsating beat.

In no time at all our team will have energy levels soaring, a room full of smiles and your group ready for an experience to be remembered.

Even the most musically challenged are swept along as they learn how to play and perform as a cohesive group. Now we have a highly talented rhythmic band under the musical direction of our Drum Master. So with the skills learnt there is only one thing to do – perform your heart out as the event reaches its climax with everyone playing in a melodic roof-raising finale – 'The Boomwhacker Blast'!
