

Make it a Christmas Special

Duration:	120 to 240 minutes
Guest Numbers:	10 - 300
Requirements:	A main room to fit a screen and all guests seated theatre style

We all remember the winners and we definitely know the losers, as reality shows have rapidly taken over our television schedules. We've got ice dancing, wife swapping, jungle surviving, castaways, DIY disasters, pop stars,and now it's the Christmas Special!

Everyone remembers the brilliant Christmas Specials famed for their humour and originality. This indoor team building event invites you to create a short pilot episode for the next generation of reality-based Christmas entertainment to hit our screens. Taxed with a strict production budget, each team must write, film and star in the Christmas Special of their choice.

Having plotted the subject and style of their reality show, delegates must define their objectives and prioritise accordingly. Teams will be provided with props, costumes, hats and wigs and they must utilise individual skills to maximum effect to achieve their objectives against tight deadlines.

Good communication, teamwork, decision-making, innovation, humour and imagination are essential to produce the best clip. All clips are given a 'big screen' preview and rated by a panel of judges. Will it be a yo ho ho?
