

Panto Productions

- Duration:** 90 to 180 minutes
- Guest Numbers:** 10 - 200
- Requirements:** Dependent upon guest numbers

What better way to involve all your guests in your latest initiative, than a personalised team performance of a well-known Pantomime? Teams can choose from classics such as: Snow White, Cinderella, Peter Pan and Aladdin and are encouraged to add personalised company elements and messages in this unique team building event.

With plenty of opportunities for all team members to be involved in creative camerawork, imaginative make-up, outrageous scripting and over acting, is there a role for everyone in a Pantomime Production? Oh yes there is!!

After the performances have been written and filmed each team will give a 'big screen preview' to a panel of judges. Lighting, camera work, location, props, costume rental and direction are all chosen by the teams under the scrutiny of the your Panto Master.

Scored on entertainment value rather than acting skills, this is the perfect opportunity for colleagues to work together in a creative, fun and supportive environment, whilst giving a truly 'magical' performance that can be taken away on DVD and enjoyed (again and again?) back in the office!
