

The Christmas Single

- Duration:** 90 to 240 minutes
- Guest Numbers:** 10 - 200
- Requirements:** Dependant upon the number of guests

In this artistic and creative indoor Christmas event your guests are encouraged to assume new identities as pop stars as they prepare to cut their Christmas single. Collected in limousines, there is no need to worry about the nerves, as we will ensure that each car is filled with a little Dutch Courage for everyone.

(Limousines are an optional extra).

Guests are welcomed to our professional recording studios by their Event Manager, where their day in the limelight commences. After a short warm-up your budding mega stars will begin rehearsals, expertly guided by our professional voice coaches and sound engineer.

After grasping the techniques used by music industry professionals, depending on the group's size the team will split into groups to each perform a song before finally cutting a contemporary or classic track onto CD.

Your recording will sound just like the real thing when complemented with special effects and professional backing tracks! We supply the studio, sound engineer, professional voice coach, microphones, backing tracks and special effects. CDs of the tracks will be available for your guests to keep as a memento of their day as a Pop Star.
