

## Bugsy Malone

---

<b>Duration:</b>	90 to 240 minutes
<b>Guest Numbers:</b>	10 - 250
<b>Requirements:</b>	Dependent on guest numbers

---

Guests are transported back to the reign of the 'Mob' as they re-enact musical scenes from the classic Sir Alan Parker movie, "Bugsy Malone". Split into teams and following a briefing from the Director they are each allocated a main musical number from the film.

After viewing a video of the scene they are to perform teams have their chance to shine as they rehearse for their performance with the assistance of professional choreographers and vocal coaches.

With rehearsals over and performances polished, teams will feel like stars as they are styled into authentic costumes and preened by our make up artists before shooting their musical number in the film studio. Filming will take place on large custom-made stage sets by our professional cameraman and sound technician.

In the evening your stars, greeted by a frenzy of paparazzi arrive at Fat Sam's speakeasy for the spectacular 'Bugsy Malone' Premiere. Your evening is transformed into a 1920's Prohibition Party and after dinner guests see their hard work in full glory as performances are viewed on giant screens.

With spirits high and basking in the glow of success, guests are then invited to dance the night away with live entertainment. This truly is an event to remember.
