

## Fly in your Soup

- Duration:** 60 to 180 minutes
- Guest Numbers:** Unlimited
- Requirements:** Takes place around your dining table

This dinner with a difference will certainly be made memorable by the comic antics of your serving staff. Whilst to a casual eye all would seem well at pre-dinner drinks, the more discerning of your guests might notice the chef's unusual taste in canapés and the subtly bizarre flavour of the background music.

Dinner moves smoothly along until it slowly dawns upon your guests that the serving staff have been infiltrated by a new breed of casual staff whose 'performance' is likely to send the head waiter to an early grave.

Our group of highly experienced, professional actors work together in a variety of guises, posing as waiters and waitresses supplementing the venues own staff. By the end of the main course, the guests will have deduced the reason for the antics of our wacky waiters and our actors will formally introduce themselves before making a graceful exit! A night of fun and laughter awaits in this highly visual and entertaining 'over dinner' event.

Please note: We do not recommend Fly in Your Soup Events where you deem it inappropriate for your guests to be involved in light-hearted banter, 'Carry On' type humour.
