

Cocktail Making

Duration:	30 to 90 minutes
Guest Numbers:	10 - 300
Requirements:	Dependant upon guest numbers

This is the ultimate bartending challenge, combining artistic flair and physical dexterity to create a truly memorable event. Used either during pre dinner drinks or as a perfect end to a conference, your guests will first receive a brief introduction to the art of cocktail making at our fully equipped and self-sufficient mobile cocktail bar.

Our bar tender will dazzle your guests with their skills and famous bottle throwing known as Flair. This is the fastest, most efficient way to make drinks and involves multi-bottle pours; inverted catches and grabs; stylish, martial-art like movements; and even behind the back throws and catches.

After the demonstration, our fully trained, professional cocktail bartender will then teach your guests the fundamental art of bottle juggling, the pouring technique, accurate measuring and ultimately the serving of the cocktails in the Flair master class.

They will instruct your guests on movement at the bar and challenge each of them to show off their new skills to create their own dramatic cocktail.
