

Company Fun Days

Duration:	90 to 360 minutes
Guest Numbers:	10 - 2,000+
Requirements:	Outdoor field, size dependant upon number of activities

Fun days make guests feel valued and work as a subliminal teambuilding event with employees joining together in light hearted activities, building relationships, making memories and having a brilliant time.

We can organise and run the entire event, including the venue, the catering and the many activities and entertainers available to choose from, leaving you free to relax and enjoy the day. We understand that each company's requirements for a Company Fun Day are different depending on their staff profile, location, budget and the style of event envisaged.

By its very nature, a Fun Day can be as big or as small as you need and for as many or as few guests as you wish to invite. This truly bespoke event will be written to match your exact requirements, with no detail left to chance.

We believe that a Company Fun Day creates an ideal opportunity to thank staff and their families for their work and support and to provide an informal and relaxed format for internal competition between departments or regions. It is a perfect morale booster for staff, as they experience activities not normally available to them. Above all, it can provide an all-too-rare chance for a whole company to come together.
