

Day at the Seaside

Duration:	90 to 180 minutes
Guest Numbers:	10 - 300
Requirements:	Outdoor field: size dependant upon number of activities

Your guests will enjoy the best in seaside games and entertainment, transporting them to the coast and a trip down memory lane. Let's just hope the British rain holds off! We will use a combination of Inflatable Fun, Pier Games and Beach Competitions including, Surf Simulator, Cricket and Test Your Strength.

There is an activity to suit everyone from the highly energetic Inflatable Beach Volleyball to the placid Coconut Shy and we may even throw in Punch and Judy for good measure.

Available in a competitive format or as informal fun, your guests will take part in each activity as they progress from zone to zone around the event. Informally we will search for the best individual on each activity whilst in team competition, guests must work together to complete the tasks and either 'beat the clock' or score the greatest number of points in an attempt to gain maximum advantage for their team.

Based upon skill, scoring is devised so that the competitive can compete whilst those simply wishing to enjoy the day can do so. Whilst being encouraged to 'have a go' no one will feel under any pressure to take part. A Day at the Seaside encourages you to enjoy an event with a difference.
