

Human Table Football Tournament

Duration:	60 to 120 minutes
Guest Numbers:	16 - 64
Requirements:	Outdoor field, size dependant upon guest numbers

The boot is definitely on the other foot as you and your guests are strapped into our giant inflatable 5-a-side pitch for a game of 'footie' unlike any you've ever tried before. Human Table Football is a huge inflatable version of the popular, classic pub game where two teams battle against each other to get the ball in the other team's net.

It is essential to work closely as a team, as each player is attached to the horizontal poles, and strategic movement and excellent communication are needed to outwit your opponents. As an additional option we could run the tournament on Space Hoppers, or incorporate them into your tournament as a finale.

Format

Your guests will be divided into teams of 8 players and play in a competitive tournament – 5-a-side and 3 subs. When teams are not playing they can either watch and cheer their team mates on or brush up on their agility in the 'skills area'.

Useful Information

- The Human Table Football Championship using one inflatable arena is suitable for groups of up to 64 people
- A tournament would last a maximum of 1 ½ hours
- The inflatable arena is 13m x 7.4m
- Ideally the arena should be set up on a short, flat grassed area
