

Italian Job Mini Challenge

- Duration:** 60 to 180 minutes
- Guest Numbers:** 10 - 100
- Requirements:** Dependent upon guest numbers

Mr Bridger needs a result so you have a job to do. The first attempt didn't work out so now it's your job to solve the missing clues and find the gold. Guests are split into teams and handed their laptops, cameras and keys to their Minis!!

Briefed on their mission each team must use their kit to solve the clues and find their way to the next location. Beware though; each team's pot of gold reduces as the time ticks away and the mafia are lying in wait to hinder your progress! By finding the right location and successfully answering the clue, teams bank their gold and then progress to the next location.

Arriving back at base, teams have the chance to earn a final stash of gold as their observational skills are tested to the max! Firstly restricted by blindfolds, teams need to identify a series of mystery tipples. Then following brief excerpts from the film, they will be required to answer a series of questions from memory.

With the mission over and the gold in – it's time to find out which team have avoided the mafia and solved their clues in record time as we announce the winner of the Italian Job!
