About KDM Events

Launched in 1990 to tap into the burgeoning Corporate Events market, **KDM Events** have evolved considerably over the past 3 decades in business – from humble beginnings when events solely consisted of driving vehicles around a muddy field, to the all encompassing event management company that we are today.

Catering for groups numbering from half a dozen to several hundred or thousand, we offer the full range of event services – which could be as straight-forward as just finding a venue for a meeting or providing a stand of archery for a small group, to as complex as a fully managed conference for large numbers where we source the venue, provide the AV, suggest speakers, assist with registration & rooming lists, provide theming & entertainment for the evening... the list goes on!

- Unrivalled reputation in the industry, for quality, service and dependability – which has been earned over the past 30 years and counting.
- These aren't just empty words, but are backed up by our Gold Award for "Best Event Provider" at the prestigious M&IT Awards in 2017, 2018, 2019 and 2020 – these awards are voted for only by clients and members of the events industry.
- We are highly professional, passionate, friendly and do not make empty promises – our goal is to always over-deliver, by using our experience and expertise to shoulder the stresses in delivering a memorable event for you.

Green House Indoor Team Building Event

Green House is a team based event centred around the challenges of sustainability, using a mixture of science, skill and mental based challenges to both test and educate your guests.

Teams have to build and maintain a water filtration system and also generate a renewable energy source, as well as looking at reducing their carbon footprint with insulation and recycling tasks.

Working in teams to lower your carbon footprint

Green House is a unique indoor team building activity, designed specifically in response to the ever-growing environmental conundrum that we undoubtedly face as a society.

As we go about our busy everyday lives, we may not stop to think or realise that each action within our own home has an impact on the environment... and the simple possibilities that exist when we truly consider how sustainability applies to us all.

The event is therefore a very hands-on activity, as the best learning always takes place by doing!

How it Works...

Your group shall be split into teams of 6 or 7 guests, ideally already sat on round tables within your meeting space to allow for a swift & seamless setup of the activity, with minimum disruption to your conference.

Tackling a total of 6 challenges, teams must complete each to the best of their ability – as the challenges all contribute to the event finale, which will reveal the winning team who can demonstrate that they have best grasped and tackled the sustainability issue.

- Tasks include constructing 2 different types of turbine, cleaning dirty into drinkable water and an insulation challenge amongst several other challenges!
- A unique finale to the event, as the family car must also be entirely battery powered...
- Whilst fun and competitive, the event is designed to be thought provoking and educate on the issue of sustainability.

How to book

The booking process is very straight-forward – the basic details that we need to know are the date, venue, number of guests and your chosen event or activity – and we are then able to issue a contract for you to complete your booking.

Once this contract has been returned this confirms the booking of your event, we then issue an invoice for a 25% deposit with the balance due 7 days prior to the event date.

We try our utmost to be flexible when the need arises, so preferential payment terms can be considered and are available for clients that we work with on an agreed Preferred Supplier basis – this also gives the option to consolidate your invoices, by payment of any venue costs also through KDM Events.

The option of payment via credit card is also available should this be easier for you, although a surcharge of 3% applies for payment made via corporate credit cards.

We always greatly prefer to speak with you before an event so that we can get a clear picture of your aims and objectives... so please do [contact us](#) for any queries that we can help with.
