

Callout for Mystery Case Presentation Session

This is a call for cases for the Case Presentation session at the ESVCP/ECVCP 2025 Congress.

The case session will be held on **Saturday, 4th October 2025**.

- **The deadline for case submission is 15th June**, but priority will be given to those submissions arriving first.
- Please send **two Word** files **by email to** Mariana Serra at mariana-serra@idexx.com
 - The first file should include the case as an unknown (mystery) case with enough information for the reader to make or suspect the diagnosis. **There should be 2-3 questions with the case** to guide the reader's interpretation.
 - The second file should include additional information, **providing the answers** to the submitted questions, and including **diagnosis, discussion** and **references**.
- Examples of previous cases (unknown and with diagnosis) may be seen on the [ESVCP-ECVCP](https://esvcp.org/archives/mystery-slide-selections.html) website (<https://esvcp.org/archives/mystery-slide-selections.html>).

A template is also provided.

- Reduce the size of any photos to 500-700 pixels so they do not take up too much space for the initial submission.
- For selected cases, slides for haematology or cytology cases may be requested ahead of the session for digital scanning. This will be informed at the point of acceptance of the case.
- The Scientific and/or Organizing Committee will give confirmation to cases selected to be included.
- Cases do not need to be the first ever but should have a good 'lesson to learn' to share with colleagues attending the meeting or reading pdf files of the accepted cases on ESVCP website. This is always fun. Please send in an interesting case to be a part of the session.
- Please email any questions regarding this session to Maria Serra at mariana-serra@idexx.com or Marta Costa at marta-costa@idexx.com.
