About KDM Events

Launched in 1990 to tap into the burgeoning Corporate Events market, KDM Events have evolved considerably over the past 3 decades in business – from humble beginnings when events solely consisted of driving vehicles around a muddy field, to the all encompassing event management company that we are today.

Catering for groups numbering from half a dozen to several hundred or thousand, we offer the full range of event services – which could be as straight-forward as just finding a venue for a meeting or providing a stand of archery for a small group, to as complex as a fully managed conference for large numbers where we source the venue, provide the AV, suggest speakers, assist with registration & rooming lists, provide theming & entertainment for the evening... the list goes on!

• Unrivalled reputation in the industry, for quality, service and dependability – which has been earned over the past 30 years and counting.

• These aren't just empty words, but are backed up by our Gold Award for "Best Event Provider" at the prestigious M&IT Awards in 2017, 2018, 2019 and 2020 – these awards are voted for only by clients and members of the events industry.

• We are highly professional, passionate, friendly and do not make empty promises – our goal is to always over-deliver, by using our experience and expertise to shoulder the stresses in delivering a memorable event for you.

Established in 1990

Voted the UK's "Best Event Provider"

Meetings, conferences and road shows

Team Building, theming and entertainment

We always deliver memorable events

Charity Team Building Events Delivering Real Impact

Charity Bike Build is a practical hands-on experience built to maximise engagement and impact. Working together, your team will build high-quality bikes that are donated directly to people who genuinely need them. Along the way, expect teamwork, laughter and problem-solving as you see the real difference your efforts make.

Why Choose Charity Team Building Events?

- Increase team engagement, communication and collaboration
- Create meaningful connection while delivering measurable social impact
- Strengthen a purpose-driven company culture
- Deepen employee satisfaction through emotionally engaging experiences

More Than Just Team Building Events

It’s incredible what one bike can do. For a young carer, it means freedom.

For someone facing homelessness, it’s a way to get to a new job. For others, it’s independence, opportunity and a fresh start.

More than just a feel good activity, this experience strengthens communication, boosts morale and brings teams closer together. It’s a brilliant way to showcase your company values and support your CSR goals.

Every bike built is donated to a carefully selected charity (you can select your own charity to donate if preferred) supporting people facing real challenges. Your team won’t just build bikes, you’ll help build confidence, independence and brighter futures. One bike really can change a life.

How it works

The group is split into teams and has 2-2.5 hours to complete the bike build. The event kicks off with a briefing and a short presentation from the recipient charity who will explain how the donated bikes will benefit the people they support.

Each team has a professional bike workshop set up where they will assemble the bike. Teams will need to decide their roles before attending knowledge sessions with our expert mechanics where they will each learn a different aspect of the bike build, from gears to brakes to comfort and steering.

During the event, teams can take part in mini-challenges to win points to exchange for accessories like lights, helmets and locks from our shop.

The completed bikes are then safety checked by our mechanics before being delivered to the recipients.

Challenges

To gain the extra points required for accessories for the bike, teams will need to complete at least 3 team challenges!

Nail It

Whilst nails are a bikes enemy, teams need to embrace and solve Nail It, a thinking outside of the box challenge.

Velodrome

A cycle influenced communication challenge, the team will work together to combine information and mental arithmetic to seek out the answer to the Velodrome.

Need for Speed

Our most popular challenge with teams vying for “King of the Sprints” – 4 laps of a 250m velodrome. 1.5 minutes of glory or 2.5 minutes of hell!

The Bike Shop

Using the points won from the above challenges, teams can purchase accessories for their bikes. Maybe a helmet, a lock or a set of lights? What will your teams choose for their bikes?

If you are looking for a charity/ CSR event for your team Charity Bike Build is a great way to enhance team skills while making a real difference to people’s lives. Get in touch with our friendly team for more information.

How to book

The booking process is very straight-forward – the basic details that we need to know are the date, venue, number of guests and your chosen event or activity – and we are then able to issue a contract for you to complete your booking.

Once this contract has been returned this confirms the booking of your event, we then issue an invoice for a 25% deposit with the balance due 7 days prior to the event date.

We try our upmost to be flexible when the need arises, so preferential payment terms can be considered and are available for clients that we work with on an agreed Preferred Supplier basis – this also gives the option to consolidate your invoices, by payment of any venue costs also through KDM Events.

The option of payment via credit card is also available should this be easier for you, although a surcharge of 3% applies for payment made via corporate credit cards.

We always greatly prefer to speak with you before an event so that we can get a clear picture of your aims and objectives... so please do contact us for any queries that we can help with.
