About KDM Events

Launched in 1990 to tap into the burgeoning Corporate Events market, KDM Events have evolved considerably over the past 3 decades in business – from humble beginnings when events solely consisted of driving vehicles around a muddy field, to the all encompassing event management company that we are today.

Catering for groups numbering from half a dozen to several hundred or thousand, we offer the full range of event services – which could be as straight-forward as just finding a venue for a meeting or providing a stand of archery for a small group, to as complex as a fully managed conference for large numbers where we source the venue, provide the AV, suggest speakers, assist with registration & rooming lists, provide theming & entertainment for the evening... the list goes on!

• Unrivalled reputation in the industry, for quality, service and dependability – which has been earned over the past 30 years and counting.

• These aren't just empty words, but are backed up by our Gold Award for "Best Event Provider" at the prestigious M&IT Awards in 2017, 2018, 2019 and 2020 – these awards are voted for only by clients and members of the events industry.

• We are highly professional, passionate, friendly and do not make empty promises – our goal is to always over-deliver, by using our experience and expertise to shoulder the stresses in delivering a memorable event for you.

Established in 1990

Voted the UK's "Best Event Provider"

Meetings, conferences and road shows

Team Building, theming and entertainment

We always deliver memorable events

Dragster Team Building Event

Challenge your group by designing, building and finally testing their very own Dragster Car in this highly unique and engaging team-based event!

Work Together to design and make the perfect Dragster Car

Each team is given exactly the same equipment to build their own model-sized racing Dragster – yet only one team shall emerge victorious in the final drag race...meaning that testing, design and collaboration as a team ultimately determine the outcome.

Using modelling foam to build the chassis of the car, teams have to balance the many variables including aerodynamics, weight and of course style – to create the fastest model Dragster!

How It Works...

Teams must design and build their dragster to two specifications, namely to be fastest whilst also meeting exacting safety standards!

Each dragster is secured to our safety wire to ensure the safety of all spectators, our electronic timers to record the fastest time possible and the team with the highest average speed over several races.

Speed testing over, there is a stunt race to see whose dragster performs best when not just travelling in a straight line.

- Great for everyone from the Board of Director to the Shop Floor.

- No engineering experience needed as our experienced event staff are on hand to help and guide.

- Outdoor event but not too physical.

How to book

The booking process is very straight-forward – the basic details that we need to know are the date, venue, number of guests and your chosen event or activity – and we are then able to issue a contract for you to complete your booking.

Once this contract has been returned this confirms the booking of your event, we then issue an invoice for a 25% deposit with the balance due 7 days prior to the event date.

We try our upmost to be flexible when the need arises, so preferential payment terms can be considered and are available for clients that we work with on an agreed Preferred Supplier basis – this also gives the option to consolidate your invoices, by payment of any venue costs also through KDM Events.

The option of payment via credit card is also available should this be easier for you, although a surcharge of 3% applies for payment made via corporate credit cards.

We always greatly prefer to speak with you before an event so that we can get a clear picture of your aims and objectives... so please do contact us for any queries that we can help with.
