About KDM Events

Launched in 1990 to tap into the burgeoning Corporate Events market, KDM Events have evolved considerably over the past 3 decades in business – from humble beginnings when events solely consisted of driving vehicles around a muddy field, to the all encompassing event management company that we are today.

Catering for groups numbering from half a dozen to several hundred or thousand, we offer the full range of event services – which could be as straight-forward as just finding a venue for a meeting or providing a stand of archery for a small group, to as complex as a fully managed conference for large numbers where we source the venue, provide the AV, suggest speakers, assist with registration & rooming lists, provide theming & entertainment for the evening... the list goes on!

• Unrivalled reputation in the industry, for quality, service and dependability – which has been earned over the past 30 years and counting.

• These aren't just empty words, but are backed up by our Gold Award for "Best Event Provider" at the prestigious M&IT Awards in 2017, 2018, 2019 and 2020 – these awards are voted for only by clients and members of the events industry.

• We are highly professional, passionate, friendly and do not make empty promises – our goal is to always over-deliver, by using our experience and expertise to shoulder the stresses in delivering a memorable event for you.

GPS Treasure Quest Team Building Event

Great for city, rural and urban environments, our treasure hunts have been developed using the latest technology, in order to tailor to your specific event requirements.

Not just a Treasure Hunt...

Our GPS Treasure Hunt draws upon your individual quests' inquisitiveness, creativity and skills. Whether your touring the historical sights of London via cryptic clues or exploring the rural delights of a country house hotel combined with a series of challenges – there is something for everyone!

To maximise the potential of your location, you may have to correctly answer questions on your hotspot before unlocking the rest of your route. However, not every hotspot has the same outcome, so careful planning is crucial to maximise your teams score and outperform the competition.

How It Works...

Following a brief from your Event Manager, all individual team members will be involved in the navigation to each pre-set GPS spot, where challenges with different point rewards await. The route will also consist of several bonus challenges – Giving teams the opportunity to use their wits to triumph!

Teams can check each other's scores with the Event Manager throughout the quest – this should spur them onto completing the challenge before they run out of time!

• Enjoy a unique outdoor team building experience, whilst exploring and learning about your chosen landmark or location.

• Bonus challenges which encourage teamwork and creativity.

• Opportunity to bespoke with a theme or company related questions – perfect opportunity to embarrass company celebrities!

How to book

The booking process is very straight-forward – the basic details that we need to know are the date, venue, number of guests and your chosen event or activity – and we are then able to issue a contract for you to complete your booking.

Once this contract has been returned this confirms the booking of your event, we then issue an invoice for a 25% deposit with the balance due 7 days prior to the event date.

We try our upmost to be flexible when the need arises, so preferential payment terms can be considered and are available for clients that we work with on an agreed Preferred Supplier basis – this also gives the option to consolidate your invoices, by payment of any venue costs also through KDM Events.

The option of payment via credit card is also available should this be easier for you, although a surcharge of 3% applies for payment made via corporate credit cards.

We always greatly prefer to speak with you before an event so that we can get a clear picture of your aims and objectives... so please do contact us for any queries that we can help with.
