About KDM Events

Launched in 1990 to tap into the burgeoning Corporate Events market, **KDM Events** have evolved considerably over the past 3 decades in business – from humble beginnings when events solely consisted of driving vehicles around a muddy field, to the all encompassing event management company that we are today.

Catering for groups numbering from half a dozen to several hundred or thousand, we offer the full range of event services – which could be as straight-forward as just finding a venue for a meeting or providing a stand of archery for a small group, to as complex as a fully managed conference for large numbers where we source the venue, provide the AV, suggest speakers, assist with registration & rooming lists, provide theming & entertainment for the evening... the list goes on!

- Unrivalled reputation in the industry, for quality, service and dependability – which has been earned over the past 30 years and counting.
- These aren't just empty words, but are backed up by our Gold Award for "Best Event Provider" at the prestigious M&IT Awards in 2017, 2018, 2019 and 2020 – these awards are voted for only by clients and members of the events industry.
- We are highly professional, passionate, friendly and do not make empty promises – our goal is to always over-deliver, by using our experience and expertise to shoulder the stresses in delivering a memorable event for you.

Missing Link Team Building Event

Missing Link tests time management skills, communication and cooperation which emphasises the benefits of collective input and the power of teamwork.

Communication is key to solving the 'Missing Link'

Missing Link underlines the importance placed on groups, working both as separate units and all together as one body. The event literally builds up to a grand finale where individual elements are all brought together and the teams unite to achieve a common goal!

As the teams interpret their briefs, they will soon realise that they must communicate and cooperate with, rather than compete against the other teams in order to build their module. The module will then interconnect with that of the others to create the 'Missing Link'.

How It Works...

Machine modules are allocated to each team as they endeavor to correctly build their section of the mysterious 'Missing Link' machine. Only when each section is correctly assembled and linked together can the machine be tested...and the team achieves success! If you would like a longer event of over 90 minutes, we will begin the challenge with 4 mental or physical challenges which are to ascertain how well each team works together.

It is tense and it is sometimes exasperating but above all it proves that working together can be lots of fun and very rewarding.

- Teams are allocated specific sections of the 'machine' to complete
- Cryptic assembly instructions, photographs and machine parts are distributed to each team
- Teams endeavour to interpret their brief and correctly build their section of the mysterious 'Missing Link' machine

How to book

The booking process is very straight-forward – the basic details that we need to know are the date, venue, number of guests and your chosen event or activity – and we are then able to issue a contract for you to complete your booking.

Once this contract has been returned this confirms the booking of your event, we then issue an invoice for a 25% deposit with the balance due 7 days prior to the event date.

We try our utmost to be flexible when the need arises, so preferential payment terms can be considered and are available for clients that we work with on an agreed Preferred Supplier basis – this also gives the option to consolidate your invoices, by payment of any venue costs also through KDM Events.

The option of payment via credit card is also available should this be easier for you, although a surcharge of 3% applies for payment made via corporate credit cards.

We always greatly prefer to speak with you before an event so that we can get a clear picture of your aims and objectives... so please do [contact us](#) for any queries that we can help with.
