About KDM Events

Launched in 1990 to tap into the burgeoning Corporate Events market, KDM Events have evolved considerably over the past 3 decades in business – from humble beginnings when events solely consisted of driving vehicles around a muddy field, to the all encompassing event management company that we are today.

Catering for groups numbering from half a dozen to several hundred or thousand, we offer the full range of event services – which could be as straight-forward as just finding a venue for a meeting or providing a stand of archery for a small group, to as complex as a fully managed conference for large numbers where we source the venue, provide the AV, suggest speakers, assist with registration & rooming lists, provide theming & entertainment for the evening... the list goes on!

• Unrivalled reputation in the industry, for quality, service and dependability – which has been earned over the past 30 years and counting.

• These aren't just empty words, but are backed up by our Gold Award for "Best Event Provider" at the prestigious M&IT Awards in 2017, 2018, 2019 and 2020 – these awards are voted for only by clients and members of the events industry.

• We are highly professional, passionate, friendly and do not make empty promises – our goal is to always over-deliver, by using our experience and expertise to shoulder the stresses in delivering a memorable event for you.

Established in 1990

Voted the UK's "Best Event Provider"

Meetings, conferences and road shows

Team Building, theming and entertainment

We always deliver memorable events

Come straight to the end provider

Reinforce the importance of green issues by reducing your carbon footprint!

With environmental concerns now very much a feature of everyday life, how well do we all really and truly understand the steps that could be made to help rather than hinder the ever-growing effects of climate change?

Sustain Abilities is a team-based activity centred around the challenge of sustainability, using a mixture of science, skill and mental based challenges. The content of the event reinforces the importance of green issues where teams will look at reducing their carbon footprint with insulation and recycling tasks.

Tackling a total of 6 challenges, teams must complete each to the best of their ability. As the challenges all contribute to the final team score; medals will be awarded at the end to the team who can best demonstrate that they have grasped and tackled the sustainability issue.

Working in teams to lower your carbon footprint

After an introduction and briefing from our Event Manager, your group will be split into teams of a maximum 8 guests – with each team sat at their own table and provided with the reusable materials to tackle the 6 varied tasks.

Know your Greens:

Each team must put their sustainable and green credentials to the test, in this cryptic puzzle-based game where one wrong step will spoil the whole puzzle.

Clean Air Space:

Teams must fly their aerodynamically efficient aeroplanes, through the aerial hoops, landing safely onto the runway!

Turn Out The Lights!

Everyone knows how crucial turning the lights out is to saving energy! Your team will be in a race against time to see who can turn out the most lights the fastest.

Mixed Recycling Challenge:

Playing head-to-head, teams are challenged with sorting the recycling into the correct container as quickly as possible, in this fast-paced race against the clock.

Re-forestation:

A skill-based game played head-to-head, where teams must use their precision skills to “plant” as many trees as possible to urgently lower their carbon footprint!

Renewable Energy:

A puzzle-based challenge that sees teams having to connect a self-sufficient house to the Hydro, Solar and Wind energy pipelines.

How to book

The booking process is very straight-forward – the basic details that we need to know are the date, venue, number of guests and your chosen event or activity – and we are then able to issue a contract for you to complete your booking.

Once this contract has been returned this confirms the booking of your event, we then issue an invoice for a 25% deposit with the balance due 7 days prior to the event date.

We try our upmost to be flexible when the need arises, so preferential payment terms can be considered and are available for clients that we work with on an agreed Preferred Supplier basis – this also gives the option to consolidate your invoices, by payment of any venue costs also through KDM Events.

The option of payment via credit card is also available should this be easier for you, although a surcharge of 3% applies for payment made via corporate credit cards.

We always greatly prefer to speak with you before an event so that we can get a clear picture of your aims and objectives... so please do contact us for any queries that we can help with.
